

Bharati Vidyapeeth's
Institute of Management & Information Technology
Navi Mumbai

Research Objectives

Bharati Vidyapeeth's Institute of Management and Information Technology adheres to three key research objectives: Knowledge creation, assimilation and dissemination. Research and publications focus on integrating the research into teaching-learning process. Bharati encourages research in all spheres like academic, industry focused and socially relevant research. The institute motivates faculty members to provide their intellectual inputs both towards national and internal forum.

The objective for research activities are:

1. To develop a research culture and to work out a research agenda for implementation of the same.
2. To integrate research outputs in accordance with the curriculum and teaching-learning process wherever possible.
3. To effectively disseminate research output for greater visibility for amongst our key stakeholders – academic community, students, industry through publication in quality journals
4. To ensure quality, integrity and ethics in research
